

HUB NORTH '18

Glam-Shower and Pavilion Kitchen Top Priorities

Nothing says Glamping like a hot shower, a good meal and a soft bed after a day of adventure. This year's spring projects at the Hub included a new shower house with full tiled shower stalls and a full kitchen with covered seating in the Pavilion. Sit down to relax and recap your day in front of the fireplace, or while enjoying a brilliant view of the northern Presidentials.

The new Glam-Shower, the almost-finished Pavilion kitchen and Glamping site "Orion" with a crescent moon

Orion, the new addition to Glamping at Hub North

Meet our new Lotus Belle tent, Orion. A new addition to Hub North Glamping summer 2018, this little buddy is the cutest thing ever. What it lacks with a slightly smaller diameter, it makes up for in extra headroom around the edges. Like the others, Orion sits on a solid platform and is fully furnished with a queen sized bed and linens, LED lighting, extra seating, a drying rack and fire pit.

For Hub North Venue, First Wedding Deemed a Success

This summer was the first full wedding we've seen at Hub North, and it was amazing. The weather cooperated, the bride and groom and their families were so much fun, a mobile, wood-fired oven cranked out delicious pizza and everyone had a blast! So I guess that was proof of concept for Hub North as a traditional, outdoor wedding venue. We're definitely psyched to repeat that success as well as branch out and try something outside the box. Know anyone looking to elope?

Party tent, cocktails in the Pavilion and a lovely, outdoor ceremony!

Moose Brook Fat Bike Race #5 Shortened, Race Crew is Going for 6!

Well, it's a good thing that fat bikers are so game, because Mother Nature threw us a curve ball for the 2018 Moose Brook Fat Bike Race. As race day approached, the riding was as good as it gets and we had high hopes for course conditions. Alas, 40 degrees for over 24 hours ahead of start time was not ideal and the race director made the last minute call to shorten the course. The biggest challenge was to be had by those in the back of the pack, and we applaud the perseverance of everyone who pushed through. Fortunately, 40 degrees is pretty comfortable for social time outside, a beverage and a good post-race meal. Fun was had by all, and we now find ourselves again gearing up for MBFBR #6 with similarly good riding conditions. We're counting on nice, cold temps for this year's race in just 2 weeks time. Come check it out!

Neutral start of MBFBR 2018

Continued Glading Efforts in the North Country Hub North Supports GBA

Warming up at the Hub, a wet day at Mt. Prospect and happy swamp-dogs at Bill Hill.

The Granite Backcountry Alliance has made great strides this past year to bring more and more accessible backcountry skiing to those motivated to seek it out. In appreciation and full support of this effort, Hub North pitched in again this year to host a glade maintenance day on Bill Hill in Gorham as well as attending a glade cutting day on Mt. Prospect in Lancaster. These accessible backcountry glades are proving popular as increasing numbers find themselves enamored with the sport and looking for safe places to learn and ski responsibly. We look forward to offering more support to GBA in the future, and hope you'll come visit us as we promote the Hub at GBA film festival events!

A Sneak Peak at 2019

As we tip-toe into 2019 around the edges of cycling club events and strange weather patterns, we decided to have a little planning session to talk about what comes next. A couple of martinis and lots of sticky notes later, here are a few things you can expect to see coming your way this spring.

- The office (aka Jason's General) gets a facelift and some functional upgrades.
- A big focus on some Bike Friendly features like a bike wash station, better storage and a mechanic stand with tools.
- Glamp-site redesigns - decor with function and comfort in mind!

CLASSIFIEDS

WANTED

BIKES & BIKE TRAILERS.
Looking for used but functioning mt.bikes and bike trailers to be used for hauling luggage to tent sites at Hub North. Please email us with any leads at hubnorthnh@gmail.com

PERSONALS

HUB SEEKS GUESTS.
